Biography

YESİM İŞİL ÜLMAN: Professor of medical history and ethics at Acibadem University School of Medicine (Istanbul Turkey). She has studied humanities, political science, history of medicine and ethics. The subjects of her MA, MSc and PhD on the history of modernization in science and medicine (1986-1999). She became Associate Professor in 2005 and has been Full Professor since 2013.

She chaired and contributed to the studies and works of the Turkish Bioethics Association (2006-2012); coordinated in the Training Programme of Health Law Certificate for Acibadem Univ. Continued Education (ASEGEM) (2010- 2014) in collaborative spirit. She served as the vice-chair of the University Research Ethics Committee (2009-2014), member of Hospital Ethics Committee (2009-present), Animal Experiments Ethics Committee (2012-present). She is at the editorial board of *Acibadem Univ. Journal of Health Sciences*. She was invited to establish the Turkey Working Group of the Cambridge Consortium of Bioethics Education (2013) in collaboration with multidisciplinary team. Dr. Ulman is an internationally certified trainer of Moral Case Deliberation, an innovative and dialogical approach to teaching ethics and ethics consultation developed by the Amsterdam UMC Medical Humanities. She has contributed to Horizon VIRT2UE Research Integrity Project as a stakeholder and co-trainer. She has initiated Acibadem University Bioethics Master of Science Programme, She serves as referee (external expert) for EU COST Projects. She is the delegate of Turkey at the International Society for the History of Medicine. She has been serving as member at the Bioethics Steering Committee of UNESCO National Commission since June 2022.

Her studies focus on the history of modernization in medicine; main issues of bioethics; teaching ethics and medical

humanities; ethical aspects of emerging technologies, research and publication ethics, animal experiments, public health ethics. She has collaborated in numerous international and local research projects and publications. Her latest studies are on public health ethics issues, ethical aspects of Artificial Intelligence in medicine, and End of Life Decision making & Living Wills. Dr. Ulman is a facilitator of Moral Case Deliberation, and a trainer of the Embassy of Good Science VIRT2UE Research Integrity Program. She is a member of the Network for Education and Research Integrity (NERQ), and a founder member of Bioethics Education Network Europe (BENE). She coordinates Acibadem University Bioethics MSc Program. She serves as external expert referee for EU COST Projects. She is the delegate of Turkey at the International Society for the History of Medicine. She has been serving as member at the Bioethics Steering Committee of UNESCO National Commission since June 2022. She has been taking part in numerous international projects and publications.
